To Whom It May Concern:

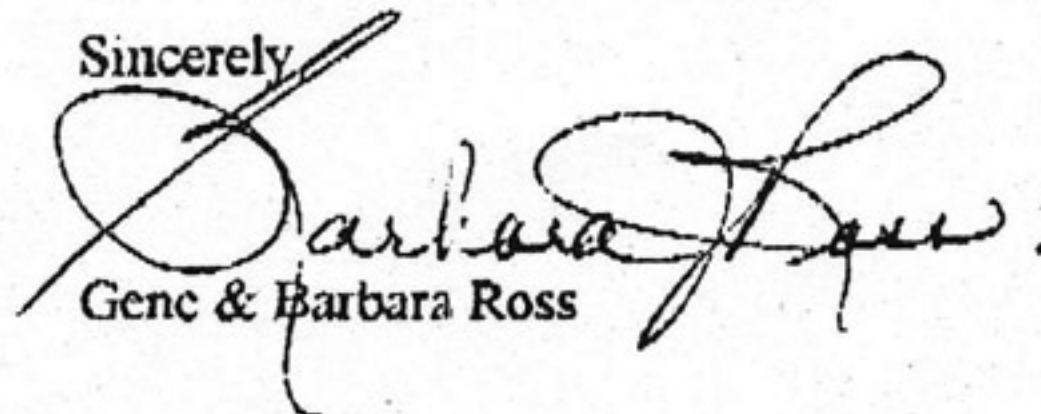

It is with pleasure that we recommend Mark Clark of Clark Homes. We were pleased with the quality and professionalism of the work they did for us on our home. The workmanship on the project was of high quality. Any problems during construction were attended to with care and concern.

After a year in our home, we are especially pleased with the responsiveness and the attention they have paid to the concerns we have had during our first year of occupancy. The response to any call has been immediate and as the issues were with sub-contractors, they have "bird-dogged" the issues and kept us informed of progress. We have appreciated this continued service.

During the four month course of construction the accounting and documentation of costs and expenses was handled in a professional and efficient manner. Any questions we had were responded to and well documented.

It has been a pleasure doing business with Clark Homes. We are sure you will be as pleased with the finished product as we are.

Sincerely,

Eugene & Barbara Ross
